

Nihon Kairali

Way forward

The journey started 30 years ago...

Dedicated to Japan Malayalees

Carrying forward the legacy

Fellow community members, Nihon Kairali community is now a registered

Non-Profit Organization

We will continue the legacy and carry forward the great work done by our pioneering members.

Together we will strive hard to make all of us feel at home away from home, celebrating our festivals in our own grand way, helping each other when in need, and supporting more people back in our motherland at the time of distress.

The journey to becoming an NPO started around 2 years back. During 2020 AGM it was decided to make Nihon Kairali an NPO.

A lot of study, discussions and attending of seminars followed through. Much efforts from our fellow members, notably the last outgoing members of the OOT who had assimilated much needed information for this new beginning.

With the support and blessings of many, the newly elected Board of 2021 along with ample support from new OOT members, could complete the registration process in time for our first Big Event in 2 years, 🎄 **Xmas of 2021** 🎄

Once again thanking one and all for this journey together and the years ahead. We see bright light at the end of the tunnel.. Our community will grow to greater heights and will strive to contribute to Japan as well as to our motherland India.
